## REDS LOSE CHANCE

Decisively Beaten for Chance at World Series.

By Winning Three White Sox Will Lead Americans.

BY L. H. BLANCHARD.

New York, Sept. 23.—A National league communique today said the Reds were decisively defeated and had retired to the fastness of Cincinnati to rebuild their forces for the 1921 campaign.

The Reds definitely slid out of the hat of pennant possibilities by losing two games to Pittsburgh yesterday while the Dodgers continued their triumphant rush by defeating Boston Brooklyn failed to shake off the Giants entirely. The New Yorkers theoretically remained in the running by whipping the Chicago Cubs.

The task before the Dodgers today was to win two more contests. They have six contests left, five of them with the Giants. Allowing the Dodgers two more victories while the Giants win seven, dropping one to the Dodgers, the final standing will be:

Wen Lost Pet.  
Brooklyn ..... 31 63 531  
New York ..... 30 64 524

If the Giants relax only enough to let the Brooklynites win one of the final series, the best that can happen will be a tie.

The biggest noise of the year for the American league was in Cleveland. Indians and Sox were waiting there for a fight to the finish. An even split will leave Cleveland out in front. A clean sweep for the Sox would give them a fine chance at the pennant.

## 25 YEARS AGO IN TOPEKA

From the Columns of  
THE TOPEKA STATE JOURNAL

September 23, 1895.

Ex-City Engineer Wm. Tweeddale was a victory before the board of county commissioners yesterday. He succeeded in convincing them that the best bridge to be erected across the Kansas river on Kansas avenue is the Melan concrete arch. The bridge will be 200 feet shorter than the present bridge. A fill is to be made where the north span of the old bridge now stands and there will be fifty feet taken off the south span. This will make the new bridge 200 feet in length.

No bridge will suit the people of this city that permits the present unsightly street cut bridge where it is and hide a handsome \$150,000 bridge. The only right way is to make the bridge wide enough for the electric cars to cross it as well as other vehicles.

E. M. Boyd of Wamego came to this morning to visit his brother-in-law, F. C. Brown, of North Harrison street.

Mrs. Ed Hindman and Mrs. Frank Man-singer will entertain next Friday afternoon.

Miss Mary Moon has entered the junior class at Washburn this year.

Miss Rosie Sweet has returned to the women's college at Baltimore where she entered the junior class this year.

Interurban Wants Seem Rates.

On transportation rates similar to charges by steam roads are asked by the Arkansas Valley Interurban Railway company. A petition asking approval of such rates has been filed with the court of industrial relations. The line connects Wichita, Hutchinson, Newton and other towns in Sedgwick, Harvey and Reno counties.

Johnson Speaks at Salina, Too.

In addition to his speech at the Thirty-fifth division reunion in Topeka

September 27, Congressman Royal C. Johnson, South Dakota, will make one other speech, a political one, at Salina, on the day following. His speech before the soldiers will be non-political.

WAS WORK OF FIRE BUG.

Incendiary Blaze at Wakeney Causes \$45,000 Property Loss.

Wakeney, Kan., Sept. 23.—Fire of incendiary origin destroyed the entire plant of the Hardman Lumber Co. of this city Tuesday night. The net loss is placed by company officials at \$45,000.

A high wind spread the flames to the flour house of the Wheatland Elevator Co. Their loss is estimated at \$2,000. A large force of volunteer firemen prevented other damage.

NO NEED TO BOIL WATER NOW.

City Supply Free From Disease Carrying Bacteria, Brown Says.

It no longer is necessary to boil city water, Dr. Earle C. Brown, city health officer, has announced. Recent tests show the water to be free from "gas" and disease carrying bacteria. The city water was declared unsafe five weeks ago for drinking purposes, without first having been boiled.

## WATCHING THE SCOREBOARD

Smith held the Braves to six hits and put the Dodgers within two games of the National league pennant by winning 3 to 1. The Pirates took a double bill from the Reds 2 to 0 and 3 to 2. Adams and Ponder were the winning pitchers. Baneroff contributed to the Giants' 7 to 2 win over the Cubs by lanning out four hits and accepting ten chances without a bobble.

Leons, a Cardinal rookie from St. Louis, defeated the Phillies 4 to 2 in his first big league appearance. The American league clubs had a day off.

## THE SATURDAY EVENING POST

And you have built  
this business

By saying to your dealer, "Show me  
your best shoe at a medium price"

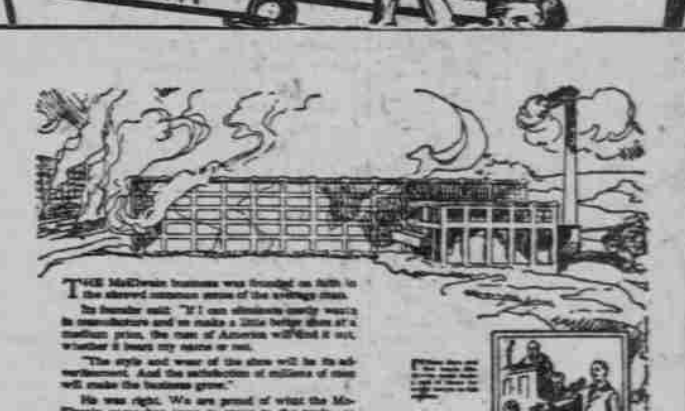

YOU are one of the millions of men who were tempted to remember the name of a shoe.

You have said to your dealer: "Show me the best shoe you have at a medium price." And if the shoe were sold, you have said: "These are medium price like the last."

So unconsciously you have been helping to build the V. H. McElwain Company into one of the biggest businesses of its kind in the world.

For when you have said "Show me a medium price" your dealer has often responded by selling you McElwain shoes.

## THE SATURDAY EVENING POST

And you have built  
this business

By saying to your dealer, "Show me  
your best shoe at a medium price"

YOU are one of the millions of men who were tempted to remember the name of a shoe.

You have said to your dealer: "Show me the best shoe you have at a medium price." And if the shoe were sold, you have said: "These are medium price like the last."

So unconsciously you have been helping to build the V. H. McElwain Company into one of the biggest businesses of its kind in the world.

For when you have said "Show me a medium price" your dealer has often responded by selling you McElwain shoes.

McELWAIN SHOES

Millions of men and boys have worn these shoes without realizing it

HERE is a remarkable business fact:

Thirty-five thousand men and boys walk into shoe stores every day, and purchase McElwain Shoes—and most of them have never heard the McElwain name.

They ask their dealers merely for "the best shoes you have at a medium price"; and 25,000 shoe dealers know that *that phrase* is the best possible description of McElwain Shoes.

In twenty years the McElwain business has grown to be the largest business of its type in the world; with no other advertisement than the style and wear of the shoes, and the satisfaction of millions of men.

Today in the Saturday Evening Post, and the country's leading newspapers, the story of McElwain Shoe is being told.

It is a story worth your reading. For now that all shoes cost more it will be a satisfaction to you to know how to buy the shoes you would like to wear at the price you can afford to pay.

It is a story of quality based on quantity—little savings based on big production, which become big savings by the time the shoe reaches you.

Read the McElwain story; ask for McElwain Shoes; and before you purchase turn them over and look for the McElwain name on the sole.

V. H. McElwain Company, Boston

MEN'S AND BOYS' SHOES FOR DRESS AND EVERYDAY WEAR

McELWAIN

TRADE MARK

You can buy McElwain Shoes at the stores of 25,000 leading independent shoe merchants throughout the country

SHOES

For Men \$6 to \$10

Some at \$11 and 12

For Boys \$4 to \$6

Some at \$7 and \$8

## To the Man who is Interested in Truck Tire Economy

CAREFUL truck owners are figuring their costs pretty closely these days—tire costs along with the others.

It is no longer "clap on a new tire and hang the expense." At least, not with the owners we come in contact with.

Service, wear, traction, cushioning qualities, construction are coming to mean more than they used to, not only to owners but to drivers of motor trucks.

And the more they mean, the more we find truck owners and operators turning to the new United States Grainless Rubber Solid Truck Tire.

The tire that overcomes *splitting and base-separation*—that goes on its way day after day, month after month, wearing down *smoothly and uniformly* without undue attention and without expense.

Handling United States Solid Truck Tires in this city is in keeping with the progressive policy of our concern.

Something new—something a little in advance of the times—is always coming out of the United States Rubber Company.

Before ordering a new truck, consult us about the kind of tires to specify.
